

Jet™, Twin Jet™ & Big Bertha™ Circulating Heaters

*Rugged, dependable
high-volume
construction heating*

Jet 200
Jet 200-T
Twin Jet 400
Twin Jet 400-T
Big Bertha 400
Big Bertha 365N

Designed for large, open-air construction heating, L.B. White circulating heaters combine large Btu/h outputs with a unique paddle-blade fan design and cast-iron burners to circulate high volumes of heated air easily and effectively.

Heavy Duty, High-Volume Performance

Strong, durable and designed to withstand long hours of operation, L.B. White circulating heaters are ideal for large area heating, concrete drying and brickwork. All Jet, Twin Jet and Big Bertha natural gas or liquid propane gas heaters feature pilot ignition for dependable starts, as well as standard or optional thermostatic controls for automated temperature management.

- Range of models
 - 200,000 Btu/h
 - 365,000 Btu/h
 - 400,000 Btu/h
- Dependable pilot ignition
- NG or LP
- Standard or optional thermostatic control
- 99.97%+ fuel efficient direct-fired design
- Rugged steel case construction

Reliable, Low Maintenance Operation

Easy to set up and operate, L.B. White circulating heaters offer a time-proven design, quick component access and few moving parts for years of dependable, trouble-free use.

Rugged Durability

Featuring heavy duty welded construction, cast iron burners and dependable pilot light ignition, L.B. White circulating heaters are designed to handle large volume construction heating needs.

L.B. White... Experience You Can Count On

Recognized as a leader in construction heating for over 50 years, L.B. White offers the technical expertise and knowledgeable customer support you can count on for all your construction heating needs. In addition to the Jet and Big Bertha family of circulating heaters, L.B. White offers a full line of portable gas forced air, kerosene, convection and ductable construction heaters and torches.

For more information about L.B. White construction heating solutions, please contact your local L.B. White representative or contact us directly at **800-345-7200**.

Jet™ & Big Bertha™ Heater Specifications

	Jet 200	Jet 200-T	Twin Jet 400	Twin Jet 400-T	Big Bertha 400	Big Bertha 365N
Btu/h Rating:						
Maximum Input	200,000	200,000	400,000	400,000	400,000	365,000
Heated Air Output (CFM):	450	450	900	900	1600	1600
Fuel Consumption (max.):						
Liquid Propane Gas (lbs./hr.)	9.3	9.3	18.5	18.5	18.5	-
Natural Gas (cu.ft./hr.)	-	-	-	-	-	365
Inlet Gas Pressure:						
Propane min./max. (PSIG)	24.0	24.0	24.0	24.0	18.0	-
Natural Gas min./max. (PSIG)	-	-	-	-	-	7
Inlet Gas Pressure:	Pilot	Pilot	Pilot	Pilot	Pilot	Pilot
